Document License

Private context } without modification

By downloading or viewing this document, the user accepts and wholly abides by its license, which is set out in the following dispositions.

The licence confers to the user a right to use the consulted or downloaded document, in full or in part, in accordance with the conditions set out hereinafter, to the exclusion of any commercial use.

The right of use set out by the licence is limited to use in an exclusively private context. This right includes:

- the right to copy the document for storage for representation purposes on a single computer workstation,
- the right to make a single copy of the document as a back-up copy or paper hard-copy.

No modification of the document to its contents, form or presentation nor any redistribution of all or part of it, in any form or on any media and in particular a computer network are allowed.

The information relating to the source of the document and/or its author must be fully preserved.

The right of use set out in the licence is personal, non-exclusive and non-transferable.

Any use except that set out in the licence is subject to the prior, express authorisation of the author. sitepedago@telecom-paristech.fr
